Verifone VX 520 & VX 805

A smart terminal that puts convenience and security at your fingertips

Verifone VX 520 and VX 805, your business will take payment acceptance to the next level. Delivering unprecedented performance, lightning-fast speeds, and uncompromised security, this power-packed payment device works hard so you don't have to.

Your customers will appreciate a seamless contactless payment experience through a dedicated card-reader zone and faster transaction flows. You will appreciate its ease of operation and large 2.6-inch screen. The Verifone VX 520 and VX 805 provides a best-in-class user experience thanks to a rich interface and wealth of security features.

- **Advanced Security** - End-to-end encryption technology, multi-level user password management and the latest PCI compliance help secure transactions and reduce your PCI scope

- **Ease of Installation** - Enjoy quick, seamless set-up or pairing with your existing point of sale system, reducing set-up costs and resources
- **Superior User Experience** - Facilitate data entry with large keypad and ATM-style interface. Optional external PIN pad allows customers to make payments easily without passing the terminal back and forth
- **Future-Proof Your Business** - Simplify access to the third-party applications you use to position your business for future growth

Features:

Abundant Payment Options
