

Ingenico ICT 250 with internal pin pad

Ingenico ICT 250 w/Pin Pad

A smart terminal that puts convenience and security at your fingertips

Ingenico ICT 250 with internal Pin Pad, your business will take payment acceptance to the next level. This smart terminal features HTML5 technology and touchscreen convenience resembling characteristics of the most popular mobile device technologies.

Your customers will appreciate a seamless contactless payment experience through a dedicated card-reader zone and faster transaction flows. You will appreciate its ease of operation and large 2.7-inch colour touchscreen. The OVVI Pay Ingenico ICT 250 with internal Pin Pad meets the highest security requirements and is PCI PTS 3.x certified with SRED and Open protocol modules. The optional PIN privacy shield provides additional PIN entry confidentiality.

- **Advanced Security** - End-to-end encryption technology, multi-level user password management and the latest PCI compliance help secure transactions and reduce your PCI scope
- **Ease of Installation** - Enjoy quick, seamless set-up or pairing with your existing point of sale system, reducing set-up costs and resources
- **Superior User Experience** - Facilitate data entry using fingers or the included stylus on the highly durable, colourful resistive touchscreen. Optional external PIN pad allows customers to make payments easily without passing the terminal back and forth
- **Future-Proof Your Business** - Simplify access to the third-party applications you use to position your business for future growth

Features:
